

EXPRESSION OF INTEREST (EOI) FOR DISTRIBUTION FEEDER SURVEYS FOR PORT MORESBY, LAE AND MT HAGEN

PNG POWER LTD (PPL) is fully corporatized State Owned Enterprise responsible for the generation, transmission and distribution, and retailing of electricity in Papua New Guinea (PNG). PNG POWER has over 2,000 employees across the four regions (Southern, Momase, Highlands and New Guinea Islands) and has 33 Customer Service Centers. The company currently has 152,000 customers (138,000 are prepaid customers and 14, 000 are post-paid customers).

Non- System losses account for approximately 15% of total energy losses experienced on PNG Powers distribution network. This amounts to revenue losses in the Millions of Kina for PNG Power and the Government of PNG. Primary cause of this losses is unmetered consumption of electricity, therefore PNG POWER is looking to tender for the provision of services to undertake Distribution System Feeder Surveys in Port Moresby, Lae and Mt Hagen to identify, inspect, assess and report commercial and industrial sites with imbalances in Power Supply and non-compliant wiring standards.

Before PNG Power develops the scope for this tender, we will like to reach out to qualified and licensed Electrical Contractors submit an Expression of Interest detailing your desired level of involvement in the surveys, proposed approach to undertaking the surveys, ability to work in with and concurrently with PNG Power technical teams.

From these submissions, we will develop the scope for a tender which will go to market end February 2020.

Please send all submissions in by 14th February 2020, to:

Executive General Manager Retail,
PO Box 1105, Boroko, Corner Wards Road & Cordia St.,
Hohola, NCD, 111, Papua New Guinea
ATTN: Michael Penrose
Email: MPenrose@pngpower.com.pg

**ALL EOI Submissions are to be received by PNG POWER LTD no later than 4:00 PM,
Friday 14TH February, 2020 with all envelopes clearly labeled:
EXPRESSION OF INTEREST (EOI) FOR ELECTRICITY ONLINE PAYMENT PLATFORM**
