

# EASIPAY METER UPGRADE

**STARTING IN PORT MORESBY & CENTRAL PROVINCE - 31<sup>ST</sup> OCTOBER 2022!**

**OTHER CENTRES COMING SOON!**

**THIS KEY-CHANGE  
IS ONLY FOR CUSTOMERS  
USING THE SIEMENS  
PM120 EASIPAY METER  
BRAND**

## STEPS ON HOW TO DO KEY CHANGE TO UPGRADE

- 1** When you buy Easipay credits, you will receive 4-sets of token numbers on your voucher or SMS. The first three (3) tokens are the key change tokens that will upgrade your Easipay meter. The fourth (last) token is your Easipay topup token.
- 2** On your Easipay meter, enter the first three (3) key change tokens in order from the top. Enter the fourth or last token at the bottom, which is your Easipay credit to topup your meter (e.g. K20 - 26 units).
- 3** Done! Key change is complete. This key change or upgrade happens only once on your Easipay meter. After the key change, the subsequent purchases will be as usual, and you will receive only one set of Easipay tokens on your voucher or SMS.

## WHERE TO GET YOUR KEY CHANGE TOKENS

**ALL EASIPAY OUTLETS OR  
AGENTS IN PORT MORESBY &  
CENTRAL PROVINCE**

**NO UPGRADE!  
NO POWER!**

**NOTE:** Customers must enter any unused tokens before entering the 4 key change tokens. The unused tokens that were not entered will not work after the key change.
